CARMELITA REEDER SHINN, CLERK  
U.S. DIST. COURT, WESTERN DIST. OKLA.  
BY Rm DEPUTY

to the court clerk of the western district of oklahoma.

yes I Received the order to petitioner to cure deficiency of the \$ 5 Filing fee. I am writing to you to ask if you can give me an extension of time longer than the 8th day of may? The Reason I'm asking is because the day I was suppose to Receive the order to cure deficiency was on the 20th of April and I was in the process of being ~~transferred~~ transferred to a new prison. And I did not ~~Receive~~ Receive the order to cure deficiency till 27th of April at my new facility. so instead of me having 18 days to cure the deficiency I only have 10 days. I know this is not ya'lls fault because it shows that my previous facility Held the order to cure deficiency for 6 days before before they Returned it to ya'll so you could Re-send it to me. As I'm writing this to you I am waiting for the personel of my facility to bring me the proper paper work I need to either get the Filing fee to you or to get proof of my income and my current trust fund balance so I can ~~show~~ ~~show~~ ~~show~~ show you I dont have the money to pay the filing fee.

And these correction facilities are not always in a rush to help us get things done. So can you give me an extension of time to cure the deficiency? It will surely be appreciated. I plan on having the deficiency fixed as soon as the personnel get me the paper work I need. I promise I will get the filing fee paid or get you the information you need to verify that I can't pay it. Please take into consideration what I have said. Thank you for your time.

Sincerely,

Sebastian
